

Antigone

by Sophocles (495-406 B.C.)

translated by Francis Storr (1839-1919)

This is the final installment in Sophocles's Theban Plays, following *Oedipus Rex* and *Oedipus at Colonus*. Oedipus's daughter Antigone deliberately breaks the laws of Thebes when she buries her brother's body and is sentenced to death. She clashes with Creon, the King of Thebes, over what constitutes justice and morality: the laws of the state or the laws of the individual.
